# A HISTORY OF CAMBODIA

DAVID CHANDLER

**A candid assessment that covers more than two thousand years of Cambodian history**

Praised by the *Journal of Asian Studies* as an “original contribution, superior to any other existing work,” *A History of Cambodia* will illuminate the history and contemporary politics of a country long misunderstood. The fourth edition of this comprehensive overview has now been completely revised and updated to include material examining the early history of Cambodia, the death of Pol Pot, the revolution and final collapse of the Khmer Rouge, and an entirely new section on the challenges facing Cambodia today, including an analysis of the current state of politics and sociology and the increasing pressures of globalization.
