EXCELLENCE WITHOUT A SOUL DOES LIBERAL EDUCATION HAVE A FUTURE?

HARRY R. LEWIS

A Harvard professor and former Dean of Harvard College offers his provocative analysis of how America's great universities are failing students and the nation

In *Excellence Without a Soul*, Harry R. Lewis, a Harvard professor for more than thirty years and Dean of Harvard College for eight, draws from his experience to explain how Harvard and America's other great universities have abandoned their educational mission. Lewis evaluates the failures of this grand institution, from the controversy over Harvard's handling of date rape cases to the turbulent tenure of President Lawrence Summers. He also provides an intimate history of these struggles at Harvard, showing how its mission evolved from education to consumer satisfaction—and makes an impassioned argument for change. The loss of purpose in America's great colleges is not inconsequential—the country's top universities drive the entire national education system. It is time to ask whether they are doing the job we want them to do.
