SECOND EDITION

UNDERSTANDING  
ARCHITECTURE

*Its Elements, History, and Meaning*

LELAND M. ROTH

Second Edition

# UNDERSTANDING ARCHITECTURE

*Its Elements, History, and Meaning*  
Leland M. Roth

This BESTSELLING illustrated survey of Western architecture is now fully revised throughout, explaining the structure, function, history, and meaning of architecture in a way that is both accessible to students and teachable to instructors. The long-awaited second edition:

- Includes new coverage on Postmodernism and its relationship to the Modernist era;
- A reorganization of Mesopotamian and Prehistoric architecture based on thematic lines of development, not just chronology;
- An expanded chapter on Medieval architecture, including developments from the end of the Roman Empire to the Renaissance;
- And an expanded art program that includes 575 images in black and white and color!

*Understanding Architecture* continues to be the **ONLY TEXT IN THE FIELD TO EXAMINE ARCHITECTURE AS A CULTURAL PHENOMENON AS WELL AS AN ARTISTIC AND TECHNOLOGICAL ACHIEVEMENT** with its straightforward, two-part structure: 1) The Elements of Architecture and 2) The History and Meaning of Architecture. Comprehensive, clearly written, affordable and accessible, *Understanding Architecture* is the classic text for the Survey of Western Architecture course.
