

THE
PUBLIC
POLICY
THEORY
PRIMER

KEVIN B. SMITH
AND
CHRISTOPHER W. LARIMER

NEW FROM WESTVIEW PRESS!

“Smith and Larimer’s *tour de force* provides both summary and serious critique of the field of policy studies. It will contribute to the future development of the field by presenting both students and their professors the first serious holistic evaluation of the entire field, rather than the partial views usually addressed in texts.”

—Bryan D. Jones, *University of Texas at Austin*

The Public Policy Theory Primer provides a reasoned and structured framework for the field of public policy. Features include:

- » **Organized and comprehensive approach:** The authors address core questions and concepts, major theoretical frameworks, primary methodological approaches, and key controversies and debates.
- » **Thorough and accessible coverage:** Students receive not only a complete tour of the discipline but also an organized way to approach it.
- » **Easy course management:** Topics are arranged to serve as an organizational tool around which professors can build their course syllabi, and the book’s length makes it easily accessible for a semester course.

2009, 288 pages, 978-0-8133-4381-5, \$32.00, pb
