New Edition from Basic Books!

Revised and Updated Edition

THE RIGHT TO VOTE

The Contested History of Democracy in the United States

Alexander Keyssar

"Easily the wisest and most comprehensive study of who was and is allowed to cast a ballot that has ever been written." —*Los Angeles Times*

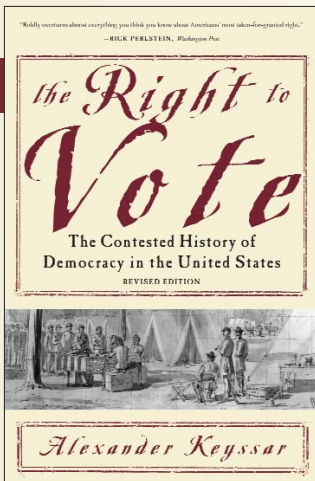

"A stunning triumph." —*The Raleigh News and Observer*

Revised and updated since its initial publication in 2000, *The Right to Vote* provides a comprehensive history of suffrage from the American Revolution to the present. Alexander Keyssar brings the story of the struggles for enfranchisement up to date, addressing recent developments from the disputed presidential contest of 2000 through the election of Barack Obama. During those eight years, Americans witnessed not only the battle over Florida's electoral votes, but the passage of the Help America Vote Act, the reauthorization of the Voting Rights Act, debates about voting technology, and ongoing skirmishing over the exercise of the right to vote. The new edition offers a lively chronicle of those events while locating them against the backdrop of two centuries of history. Ideal for courses in comparative political development as well as American political history, government, parties, and elections, *The Right to Vote* is a thought-provoking meditation on the meaning of democracy in contemporary American life.

Winner of the Beveridge Prize from the American Historical Association; Finalist for the Pulitzer Prize

July 2009, 496 Pages, 978-0-465-00502-4, \$19.95, pb
