A Common Sense Guide to the Economy

THOMAS SOWELL

Third Edition

*Forthcoming New Edition from Basic Books!*

THIRD EDITION

# BASIC ECONOMICS

A COMMON SENSE GUIDE TO THE ECONOMY

**Thomas Sowell**

**“If there is a single recent book that can advance economic literacy in this country, it is Thomas Sowell’s...*Basic Economics*.... Sowell has managed to make economics humane again, relevant and interesting to young people and ordinary citizens!” —*Policy***

This completely revised and updated third edition of Thomas Sowell’s instrumental work reveals the general principles behind any kind of economy—capitalist, socialist, feudal, and so on. In readable language, he shows how to critique economic policies in terms of the incentives they create, rather than the goals they proclaim. With clear explanations of the entire field, from rent control and the rise and fall of businesses to the international balance of payments, and a chapter on government finance new to the third edition, this is the book for anyone who wishes to understand how the economy functions.

BASIC BOOKS, April 2007, 644 Pages ■ 978-0-465-00260-3, \$39.95, hc
