NEW FROM WESTVIEW PRESS!

"A superb book. . . . Sets a new standard for the teaching of human rights."

—ROBERT PAUL CHURCHILL, GEORGE WASHINGTON UNIVERSITY

"Combines the unity and accessibility of a single-authored text with the diverse and competing views of an anthology. . . . It is hard to imagine a more student-friendly approach."

—JAMES P. STERBA, UNIVERSITY OF NOTRE DAME

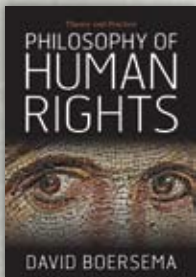

David Boersema's *Philosophy of Human Rights* provides the context and commentary students need to comprehend challenging rights concepts. Key features of this core text for courses on human rights and political philosophy include:

- **A unique hybrid format** that provides the consistency and accessibility of a single-authored text while also presenting the diverse views of noted authorities in their own words.
- **Theory-oriented chapters** on the nature, justification, content and scope, stakeholders, and criticisms of rights.
- **Practice and application chapters** on how selected, specific rights play out amid contemporary social, political, and policy concerns.
