“Mary Hawkesworth has given us an amazing gift: a truly global exploration of women activists’ thinking and strategizing that never slips into bland generalization. *Political Worlds of Women* shows us how densely rich and locally rooted feminist activist experience has been, from Nigeria to Pakistan, from the US to France. Here is a book we’ll all be assigning to our students for years to come.”

—Cynthia Enloe, author of *The Curious Feminist*

An essential resource for students of women’s studies and gender politics, *Political Worlds of Women* offers:

- **An engaging and comprehensive examination of women’s political activism** from the local to the global, from grassroots activism to the highest offices of government, and from identity politics to gender power in cyberspace.
- **Case studies incorporated from around the world** that analyze critical issues central to women’s political mobilization, including immigration and citizenship, the politics of representation, sexual regulation, gender mainstreaming, and much more.
