"I highly recommend this book for adoption in undergraduate and graduate courses in sociology, social work, family studies, and in other related fields."

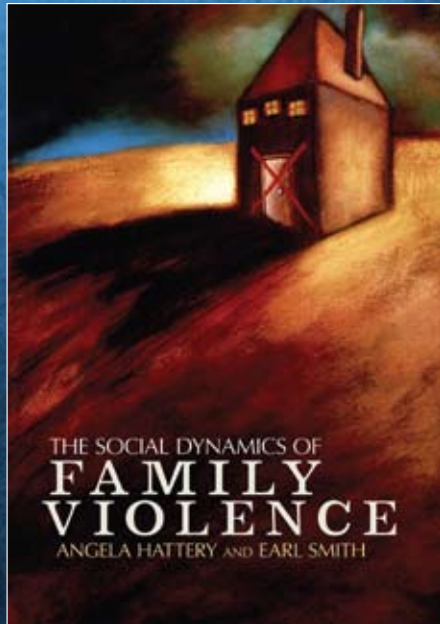

—Eduardo Bonilla-Silva, Duke University

"This book finally convinces me that it's not only possible but worthwhile to use a textbook to teach smart, curious undergraduates about sociology, families, and violence between people who 'love' and depend on one another."

—Lisa D. Brush, University of Pittsburgh

Key features of *The Social Dynamics of Family Violence* include:

- **Sociological Focus:** Explores the role that social forces—such as poverty, incarceration, and culturally dominant beliefs about masculinity and femininity—play in generating situations of family violence.
- **Expansive Coverage:** Covers all forms of abuse throughout the life course, and addresses same-sex couples and multicultural couples.
- **Engaging Pedagogy:** Incorporates case studies and other helpful learning tools throughout, as well as a chapter on prevention techniques.
- **Instructor Resource Website** at www.westviewpress.com/HatterySmith.
